

# ECO X

## Product Description

Eco X is a superbly designed synergistic biodegradable blend of advanced surfactants with the expectations of the modern world at the centre of its design.  
A safer non-toxic cleaner and degreaser that really works.

## Applications

For use on any washable surface to remove dirt, grease, oil and much more.  
For heavy traffic areas, floors, bins and storage areas.

## Physical Properties

Eco x is a clear slightly viscous liquid with a mild solvent derived odour.

## Chemical Properties

Made from plant, coconut and renewable sourced ingredients.

Contains no added fragrance, colour or fillers.

No hydrocarbons      No detergents

No acids                No soaps

No Caustics

## Directions

Prepare a diluted solution according to the extent of the contamination. Where possible use warm water as this works best. ECO X may be applied by foaming units, hand, high pressure cleaners, mop & bucket, or sprayed directly onto surfaces using trigger or pressure sprays. Once applied allow to dwell, agitate then rinse or wash off.

## Dilution rate

Minimum 1: 4 water (recommended dilution rate for most jobs)

Maximum1: 100 water.

**Disclaimer:** The information provided in this technical data sheet is based on our current knowledge and experience. However, it is the user's responsibility to ensure the suitability and safety of the product for their specific application. We recommend conducting compatibility and performance tests before full-scale application.
