

# KNOCK OUT DEGREASER

## Product Description

KNOCK OUT is a powerful water based degreaser formulated for safe and effective removal of heavy grease and soil deposits. encountered in plant, machinery and workshops kitchen, food preparation areas.

## Applications

Heavy duty industrial degreaser for removal of heavy greases and oils.  
Ideal use for removing grease and oil marks off concrete and hard surfaces  
Pressure washer additive for heavy degreasing and stain removals.

## Physical Properties

A brown liquid with solvent odour, high foaming.

## Chemical Properties

POTASIUM HYDROXIDE

Strong caustic-based formulation with penetrating surfactants and organic solvents for extra cleaning

## Environment

RTU (diluted for ready to use) has been determined to have low aquatic toxicity, does not persist in the environment, and has a low potential to bioaccumulate. All surfactants are readily biodegradable.

## Directions

Remove as much contaminants as possible  
Spray or foam on using appropriate dispensing systems  
Allow 5 to 10 mins contact time  
Agitate or brush if needed  
High pressure off or rinse off with fresh water.

## Dilutions

General Cleaning and Degreasing:  
Medium Duty - Dilute 1:50 with water  
Heavy Duty - Dilute 1:10 with water  
Pressure Cleaning: Dilute up to 1:100 with water depending on requirement

## Cautions

Avoid skin and eye contact and breathing of vapours. The use of gloves and eye protection is recommended. Use with care on painted surfaces and be sure to wash off promptly. Not recommended for aluminium or galvanised surfaces

**KNOCK OUT** is available in 5, 20 and 200 litre containers

**Disclaimer:** The information provided in this technical data sheet is based on our current knowledge and experience. However, it is the user's responsibility to ensure the suitability and safety of the product for their specific application. We recommend conducting compatibility and performance tests before full-scale application.
